

**MID-ALABAMA RECREATIONAL SOCCER LEAGUE
FIELD ASSIGNMENT FORM**

SPRING 2010

As participants in the MARS League, each Member Club is requested to submit all fields that are available for MARS league matches assigned by the League Administrator. The fields should be age appropriate in size, prepared for play and reasonably available for MARS League use. MARS League recognizes that AYSA State League games will have preference if your Club has entered teams in the State League. Mars League intends to coordinate field use with the State League to the extent possible when a Club is participating in both programs. Games will commence on Friday, March 5, 2010 and end on Saturday, May 1, 2010. Please print legibly.

Name of Member Club _____

FIELD INFORMATION:

Name of field to be assigned for League use:

Name, location, field number

Dimensions of Field _____, **Size of Goals** _____

Directions to Field: Please include Street Address for the benefit of those with GPS.

Field Coordinator _____

Phone h (_____) _____ **w** (_____) _____

cell (_____) _____ **Fax** (_____) _____

E-mail _____

As field coordinator, it is your responsibility to monitor use of your field. You are the only individual that can close a field due to poor weather conditions. In addition, you will be required to communicate all closures with the home team & officials. All make-up and rescheduled matches will be coordinated through you. Please confirm the dates for your assigned games & place these times on your schedule so conflicts can be avoided.

I accept the responsibility of field coordinator for the above mentioned field and have the authority to designate the same for the exclusive use of scheduling League games or have been granted that authority by the management of said field; i.e. Parks & Rec.
